

ELECTRODE WIRES

-COPPER: ZINC · 60:40 TYPE / COPPER: ZINC · 65:35 TYPE-

■5kg Roll

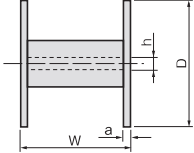

Wire: Brass
(Cu:Zn = 60:40)
Wire Diameter Tolerance: 0
-0.002

GMWT (Copper: Zinc · 60:4 / Non-Paraffin Type)

Catalog No.	Wire Diameter	Winding Weight (kg)	Without Paraffin: N	Quantity in 1 case	Overall Weight (kg)	Bobbin Color	Tensile Strength (MPa)
GMWT	0.2	5	N	4	20	Gray	950~1100
	0.25	5		4			
	0.3	5		4			

⚠ 5 kg rolls are not sold in bobbin units. They are sold by case.
 ⚠ "Paraffin" refers to the lubricant coated on the surface of wire lines. For details on selecting the type with or without paraffin, check the Instruction Manual or other documentation provided for the wired electric discharge machine.

■Bobbins

Bobbin Size Winding Weight (kg)	Collar Dia. D	Outer Width W	Collar Thickness a	Shaft Hole Dia. h
5	160	115	12.5	20

⚠ This product (GMWT) is not covered by the used bobbin collection service. Please dispose of used bobbins yourself.

■5kg Reels **■10kg Reels**

Wire: Brass
(Cu:Zn = 65:35)
Wire Diameter Tolerance: 0~-0.002

BMWT (Copper: Zinc · 65:35 TYPE)

■Features

- Manufactured at the factory with the latest equipment that also produces recommended wire for major wire cutting machines.
- Uses 100% raw material, and more stable discharge is possible compared to recycled wires.
- An economy type with outstanding cost performance that is certified to be equal in both speed and accuracy to genuine products.
- By using strict quality control on all tests including tensile strength, elongation rate, material analysis, etc., use with peace of mind is enabled.

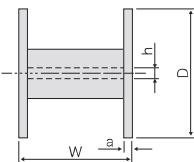

■Applications

- An electrode wire for wire-cut electric discharge machines.

Catalog No.	Wire Diameter	Reel Mass (kg)	Paraffin Yes: P No: N	Quantity in 1 case	Total Mass (kg)	Bobbin Color	Tensile Strength (MPa)	
BMWT	0.2	5	P	4	20	Gray	950~1100	
		10		2				
		5		4				
	0.25	10		2				
		5		4				
		10		2				
	0.3	5	N	4	20	Gray	950~1100	
				10				2
				5				4
		0.25		10				2
				5				4
				10				2

⚠ 5 kg/10 kg reels are not sold by the bobbin. Sold by the case.

■Bobbins

Bobbin Size Winding Weight (kg)	Collar Dia. D	Outer Width W	Collar Thickness a	Shaft Hole Dia. h
5	160	115	12.5	20
10	200	135	12.5	25

⚠ This product (BMWT) is not applicable for the collection service for used bobbins. Customers are requested to dispose of the used bobbins.
