Notes

- Filled with lithium soap based grease (Alvania Grease S2 made by Showa Shell Sekiyu K.K.).
- For accuracy of Ball Screws, see P. 2223 and P. 2224.
- For details of Support Units, see P. 753 to P. 778.
- Caution: Do not let the nuts overrun or remove the nuts from the screw shafts. It may cause the balls to fall out or damage the ball recirculation parts.
- Note that, when a ball screw shaft or ball screw nut is tilted, it may fall out due to its own weight.
- The collar included with the Support Unit product should be installed and tightened on the nut side of the ball screw.

[Do not let a nut overrun]

[Do not take a nut off]
