

Stainless steels - Heat resisting steels and related materials

Table with columns: JIS, Japan Industrial Standards, Foreign standards (USA, UK, Germany, France, DIN, BS, AISI, UNS), International Standards (ISO TR 15510 L-No.), European Standards (EN), and Number. Lists various stainless steel grades like SUS 301, SUS 304, SUS 316, etc.

Remark 1. The ISO is based on the ISO TR 15510-1:1997... Remark 2. For USA, UNS registration numbers and AISI steel manuals are referred.

Table with columns: JIS, Japan Industrial Standards, Foreign standards (USA, UK, Germany, France, DIN, BS, AISI, UNS), International Standards (ISO TR 15510 L-No.), European Standards (EN), and Number. Lists various steel grades like SUS 405, SUS 410, SUS 420, etc.

Remark 1. The ISO is based on the ISO TR 15510-1:1997... Remark 2. For USA, UNS registration numbers and AISI steel manuals are referred.

Tool steels and related materials

Table with columns: JIS, Japan Industrial Standards, Foreign standards (ISO, AISI, ASTM, DIN, VDEh, BS, NF, Γ OCT), and Number. Lists various tool steel grades like SKH 2, SKH 3, SKH 4, etc.

Steel types related to foreign standards

Table with columns: JIS number - name, Symbol, ISO, AISI, ASTM, BS, DIN, VDEh, NF, Γ OCT. Lists steel types like JIS G 4404, SKD 7, SKD 8, etc.

Special purpose steels

Table with columns: JIS number - name, Symbol, ISO, AISI, SAE, BS, DIN, NF, Γ OCT. Lists special purpose steels like JIS G 4801, JIS G 4805, etc.
